The Approach

Tech Solutions

By creating technical solutions to improve operational efficiencies and expand your reach, we can help you better engage with donors and those you serve.

Web Solutions

By upgrading your website functionality, we can help you better serve families in need while alleviating content challenges and expanding recourses for families and churches.

Content Website

Recreate lotvministry.org on our Duda content management platform, developing a staff directory and new resource area for articles and videos for both families in need and church staff.

Donor Website

Repurpose lilyofthevalleyministry.com (after 501 status changeover) to be a targeted donor website, utilizing different content than LOTV focused on fundraising and volunteering.

A Phased Approach

Phase 1 - Low Hanging Tech

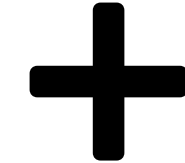

- Compare Microsoft Non-profit rates for Office and email hosting
- Improve newsletter delivery with DMARC/DKIM technology
- Switch web form collection to HIPAA compliant, segmented data for better newsletter deliverability and distribution list grouping
- Survey existing database to categorize distribution lists

Phase 2 - Web Redevelopment

- Redevelop existing LOTV website on mobile-friendly, easy-to-management content management solution for easier content updating and automations
- Create new donor focused website focused on fundraising and volunteering that seamlessly ties to LOTV utilizing the Private Foundation website

Phase 3 - New Content Creation

- Create team directory with easy updating capabilities
- Grow blog and new resource content area for families and parishes
- Consider automation strategies for social media postings to save time and improve efficiencies

Phase 4 - Dashboard Tech

- Develop custom secure dashboard to consolidate data and metrics within a single pane of glass
- whatever else you can say about what this would be..i know you had a list of things you wanted to put into it

Budgeting **for Growth**

Our goal is to provide as many services as possible as charitable contribution to LOTV Ministry, with discounted rates for tech services.

Websites + Software

- Website setup as charitable contribution (valued at \$3500-\$6k each site)
- First year hosting FREE, then \$39/month or \$____/year (2 sites for the price of 1)
- Office/email hosting at Nonprofit rates

Content Resources

(Requires your sweat equity, too!)

- Creation of website directory and resource library as charitable contribution
- Free access to our recording studio for family and parish video resource creation
- Discounted video editing available as needed (50% discount: \$120/hr to \$60)

Dashboard Development Phase

\$10k investment less 30% charitable contribution, divided over 3 months ~ \$2k/month
